

## Journal of Validation Technology: 2019's Best of JVT

Dec 18, 2019 8:58 am EST

Our valued members recognize that our Journals provide much needed guidance and regulatory insights for validating and remaining compliant while working in the medical device, pharmaceutical and biotech industries. Whether FDA regulations, EU GMP practices or Japanese GMP guidelines, the resources provided in JVT and GXP publications allow professionals to stay current on existing and emerging regulations, as well as learn from colleagues on best practices and audit expectations. As the year comes to a close we wanted to provide you a "look back" on some of the best from 2019.
