As the publisher, and managing editor, I am proud to be a part of the IVT Network overseeing two highly respected peer-reviewed journals. The content created each month is timely and professional, with a true impact on the regulated life sciences industry.

Together with the staff at IVT Network, as well as our Editorial Advisory Board, we are humbled to announce the winners of the 2020 IVT Awards. These awards truly are a testament to the hard work and dedication of our authors and our peer reviewers. IVT is proud to work with professionals dedicated to providing innovative and timely education to the industry.

Nominees are selected by their peers, based on journal articles, podcast guest spots and of course sustained contributions to the industry, which have been integral to our network throughout the year.
