

## Computer Systems Validation & Software Assurance - CSA Revolution Commentary - PODCAST

**David Nettleton**

By

**Sep 7, 2021 7:00 am EDT**

In this episode we invite David Nettleton to be our guest and discuss some of the key topics from the CSV and Software Assurance week panel "The CSA Revolution," Held earlier this spring. The session provides a better understanding of the intent and scope of the FDA's Computer Software Assurance guidance while highlighting CSA's relationship to other existing regulations. David will share his expertise on some of the ideas and concepts shared by the panelists.
