

Three Times Is Not Even The Beginning – 2008 Update

Jerry Lanese

By

May 26, 2013 2:02 pm EDT

"Three Times is not Even the Beginning" by Jerry Lanese, Ph.D., was originally published in the Journal of Validation Technology in early 2001. This paper was greatly influenced by the thoughts and writings of Ken Chapman. The philosophy and content of this 2001 paper are still valid today. Dr. Lanese's examples and discussion provide perspective and insight into the lifecycle approach to process validation consistent with recent publications and presentations.
